LAUNDRY CAN WAIT

Story: Lesly Julien

Quarantine Day 35

God it feels so nice to get out of bed...

...take a shower for a change...

2020

...bring Rex out for a walk in the morning...

...and get some fresh air for a change.

Feels even better to finally get out of sweatpants!

Too bad about our Easter party, but hey...

Shrug

One more lap, boy?

...I might as well have fun with the costumes lying around back home.

Laundry can wait.

Woof!

ANYTIME SOMEONE

COUGHED ON THEM AND
THEY PRACTICALLY FELL

HA HA HA HA HA HA HA HA

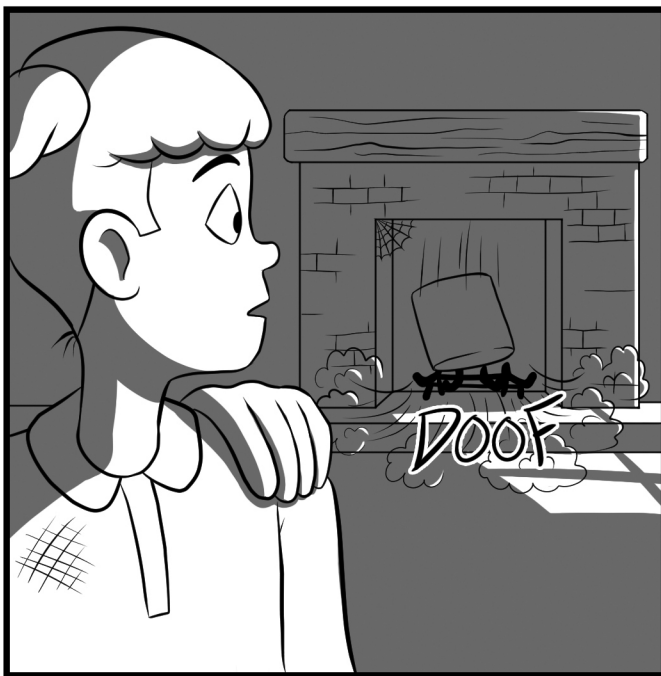

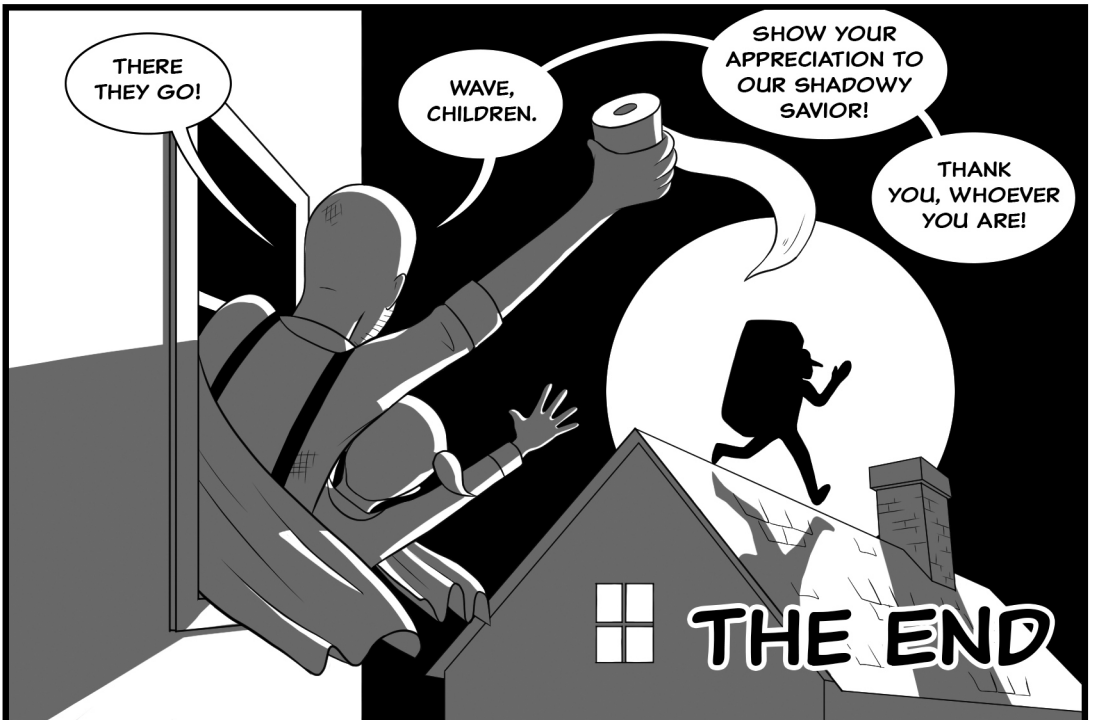

SUCH

I BET

GLOBAL WARMING
AND ROUND EARTH
THEORY TOO.

Welcome to CCW Radio: Personals!

Last time we asked our members what things they did to kill time! We just checked the mailbox and the postcards are in!

Flew a (tiny) kite!

~LesWrite

Yep! That sounds like a lot of fun!

I decided that this is as good a time as any to look into making a graphic novel, pitching and marketing comics and pretending to be an animator. It got so bad that I also took up baking and I hate cooking with a passion. At least I have banana bread to eat now.

Oh I hope it goes well!
I don't like cooking either
but bannana bread is bomb.

~eliushi

I worked on a 3D model of my main character:
rigging and texturing it.

~samguyjones

I don't know
how you do it.
3D is hard!

I am working on a short two page comic and almost done with shading. I also applied for a job and did an interview online.

Love to see the results!

-Smoke

I did indoor workouts with dancing/music right on my living room floor - kept that heartrate up!

~FiveHourSleep

Fantastic! I started doing stretches and pushups but there's no one around to see these guns yet.

I'm a digital artist, so during isolation I dove headfirst into acrylic painting for the first time. I've completed 4 paintings and am working on repainting a baka neko for my personal gallery!

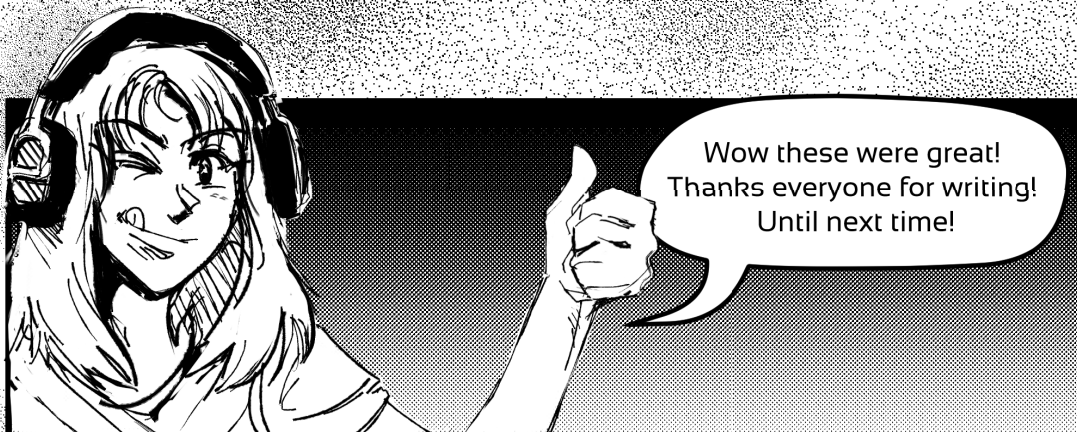

~mikedoestheart

As far as traditional goes, acrylic is super forgiving! I'm glad you were able to make so much.

- Making masks for donation. oragami. brownie cupcakes (totes delish and def recommend). My brother's back is out so u also have to help out with more of the yard work. Including the weed whacking! My arms are SO sore

I'm so impressed with all the folks making and donating masks. And it was so kind to help your brother!

Welcome to CCW Radio: Personals!

Hey everyone we're back!

Today's question is:
What's the first thing you want to do when safety is restored and the shelter-in-place order lifts?

Spend an entire day at the library reading graphic novels. ♥
~FiveHourSleep

I want to go out and eat sushi with friends in the restaurant.
~eliushi

Mmm--!! I think I'm seeing a pattern!

~samguyjones

Thanks for writing in!

I want some sushi too.

And some fresh air.

Until next time!

MOODS FROM QUARANTINE

week 2

THERE

KABOOM!

GOES

THE

NEIGHBORHOOD!

IT WASN'T LONG AFTER THE QUARANTINE STARTED THAT THE WORLD'S "BEST & BRIGHTEST" BEGAN TO SPRING INTO ACTION.

ELON MUSK'S A.I. FLEET OF TRUCKERS AND WORKERS QUICKLY REPLACED AMERICA'S DECIMATED WORKFORCE, PROMISING TO RELINQUISH THEIR POSITIONS WHEN THE COAST WAS CLEAR.

FAR FROM A MODEL CITIZEN (OR DECENT HUMAN), JEFF BEZOS JUST HAPPENED TO HAVE HAD THE INFRASTRUCTURE TO SYNERGIZE WITH THE NEWLY DEPLOYED TESLA FORCE.

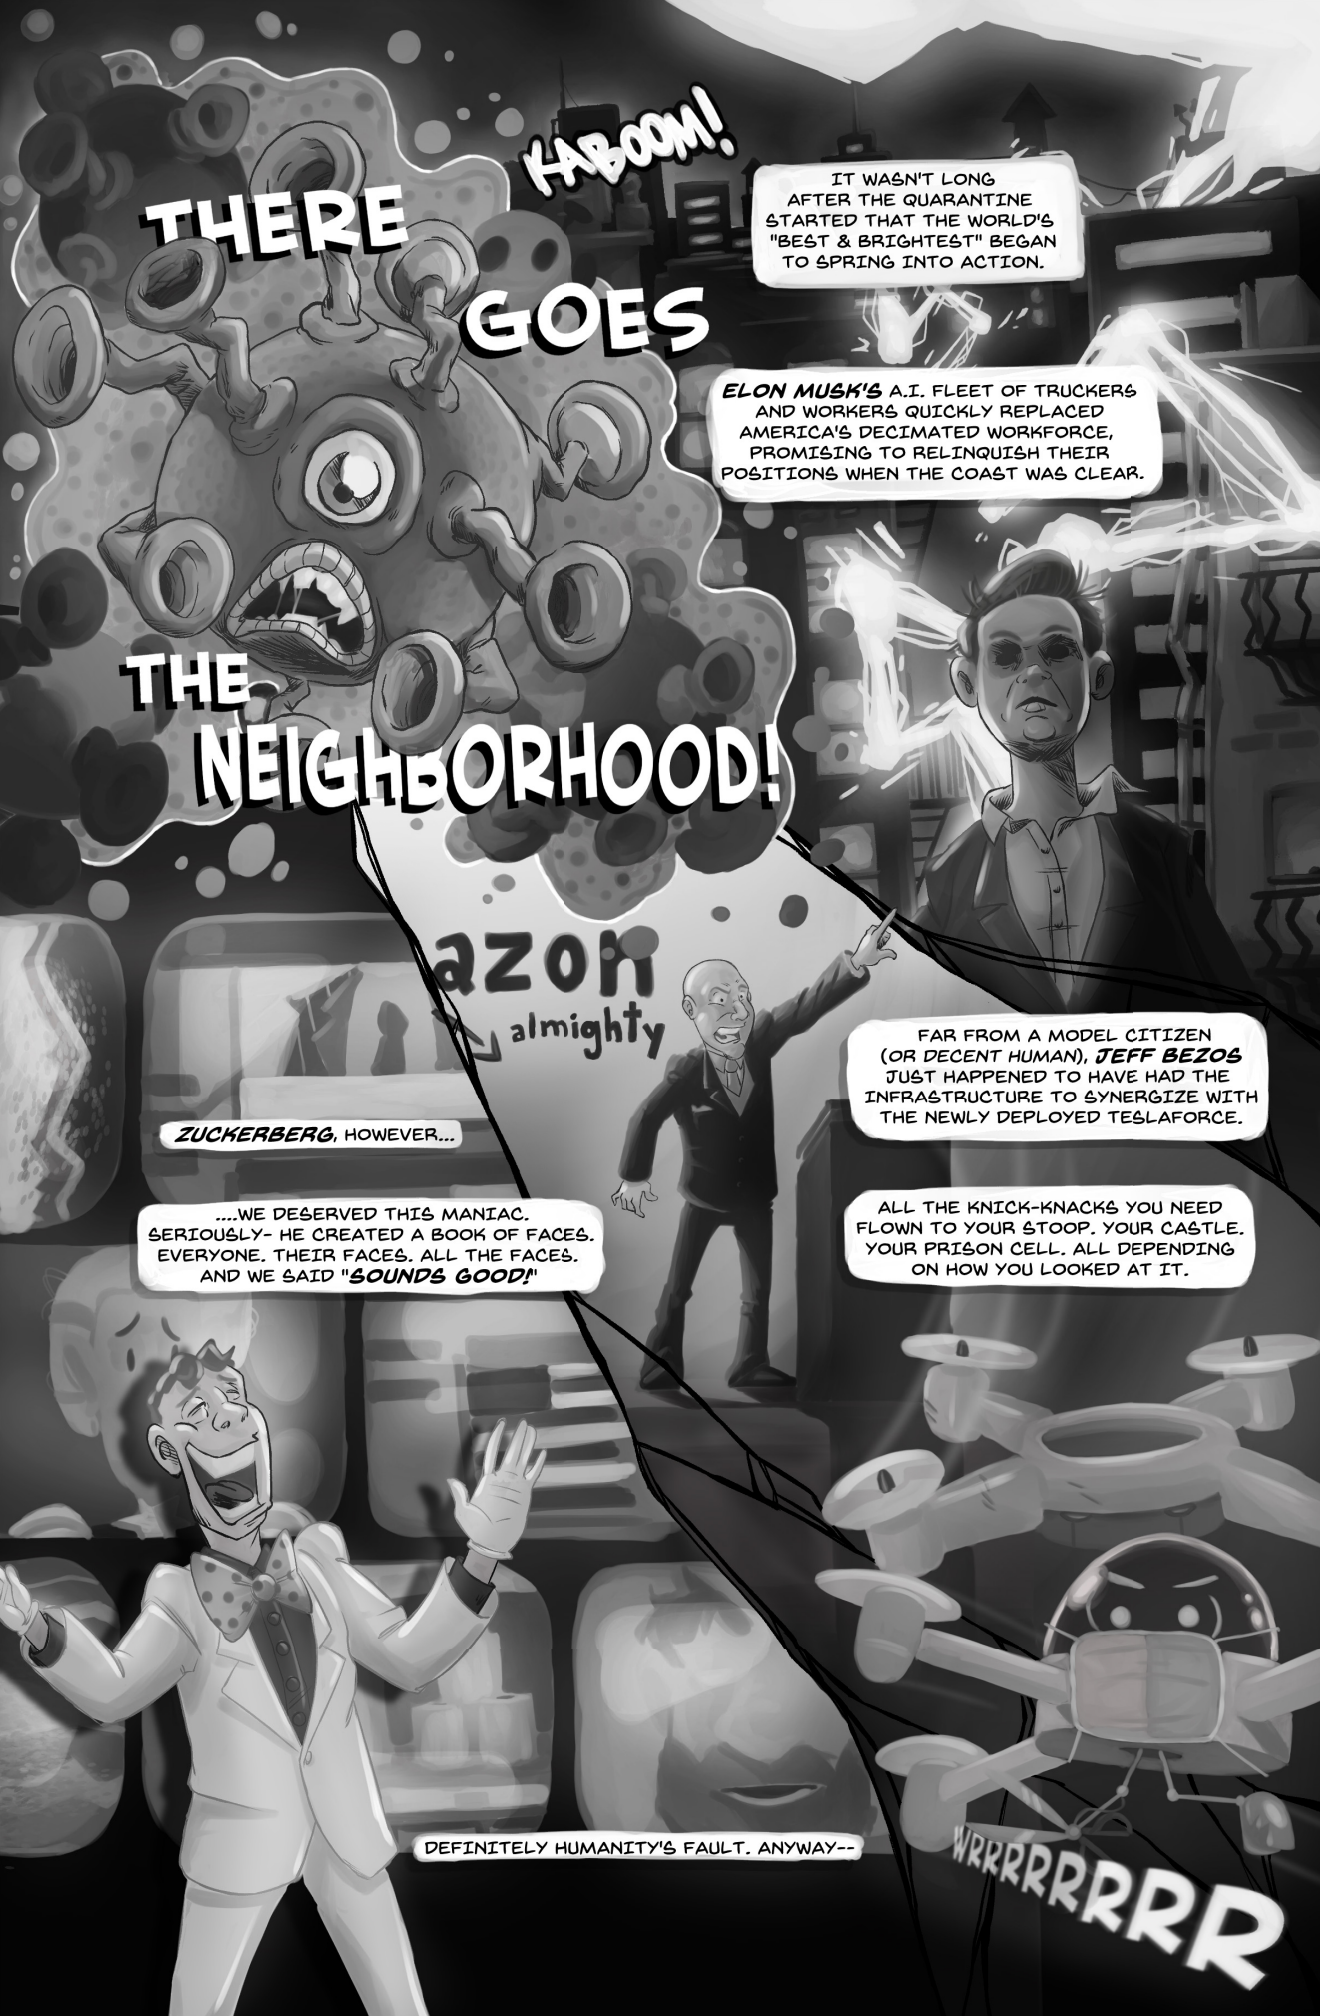

ALL THE KNICK-KNACKS YOU NEED FLOW TO YOUR STOOP, YOUR CASTLE, YOUR PRISON CELL. ALL DEPENDING ON HOW YOU LOOKED AT IT.

ZUCKERBERG, HOWEVER...

...WE DESERVED THIS MANIAC. SERIOUSLY- HE CREATED A BOOK OF FACES. EVERYONE. THEIR FACES. ALL THE FACES. AND WE SAID "SOUNDS GOOD!"

DEFINITELY HUMANITY'S FAULT. ANYWAY--

WRRRRRRRR

BEFORE LONG, THE TESLAZON ANDROIDS STOPPED THEIR DELIVERIES.

THEN, THEY WAITED FOR THE BACKLASH.

FACEBOOK HAD ALL THE BLACKMAIL DATA IT NEEDED TO FORCE HUMANITY'S HAND.

SHITPOSTING. GASLIGHTING. MARGINALIZING. SELF INCRIMINATION. THE WORKS.

MILLIONS OF FAMILIES TURNED OVER THEIR FIRST BORN IN ORDER TO KEEP THEIR NOSES CLEAN-

EACH OF THE KIDS W
TRANSPORTED TO
AMAZON CAMPS
AND FED ONLY

THIS IS THE CHILDREN'S BOOK YOU'RE WORKING ON? SOMETHING THAT'LL "EASE THEIR FRAGILE MINDS" AS YOU PUT IT?!

THE CHILDREN *DESERVE* TO KNOW WHY THERE ISN'T ANY TOILET PAPER LEFT. SOMEONE HAS TO TELL THEM!

PERISH.

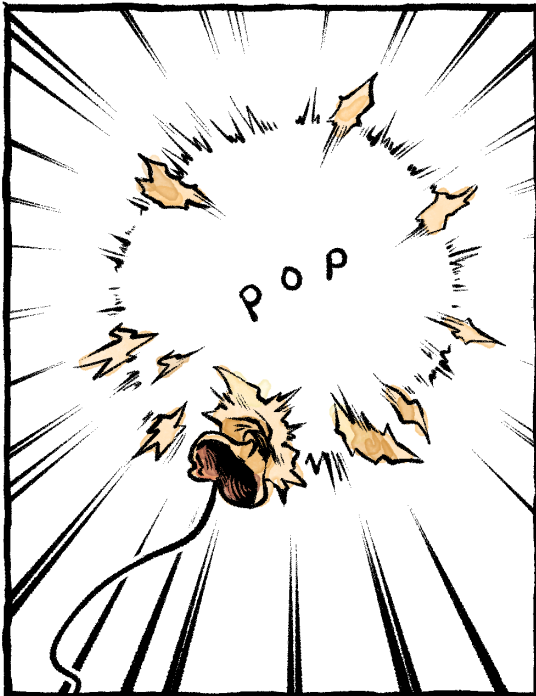

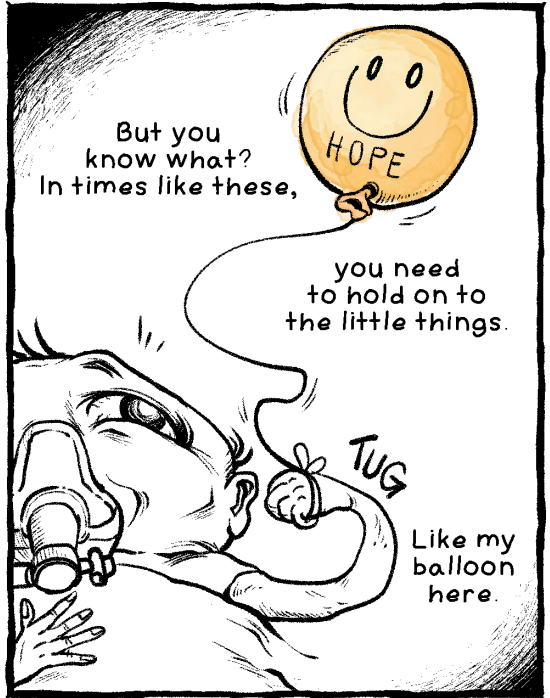

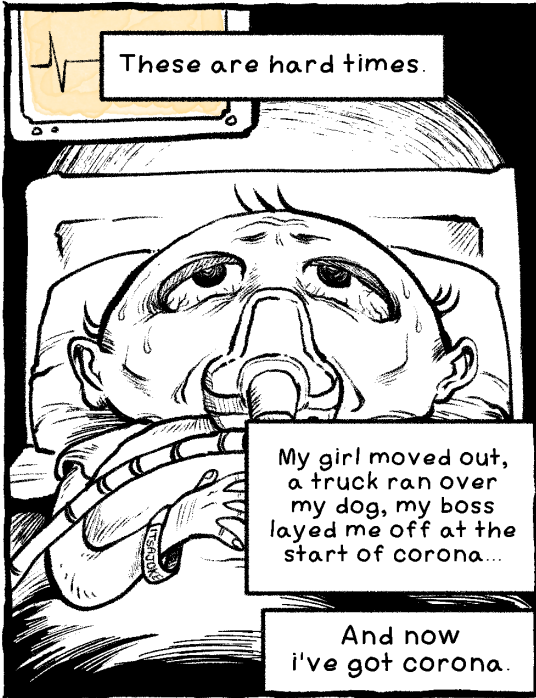

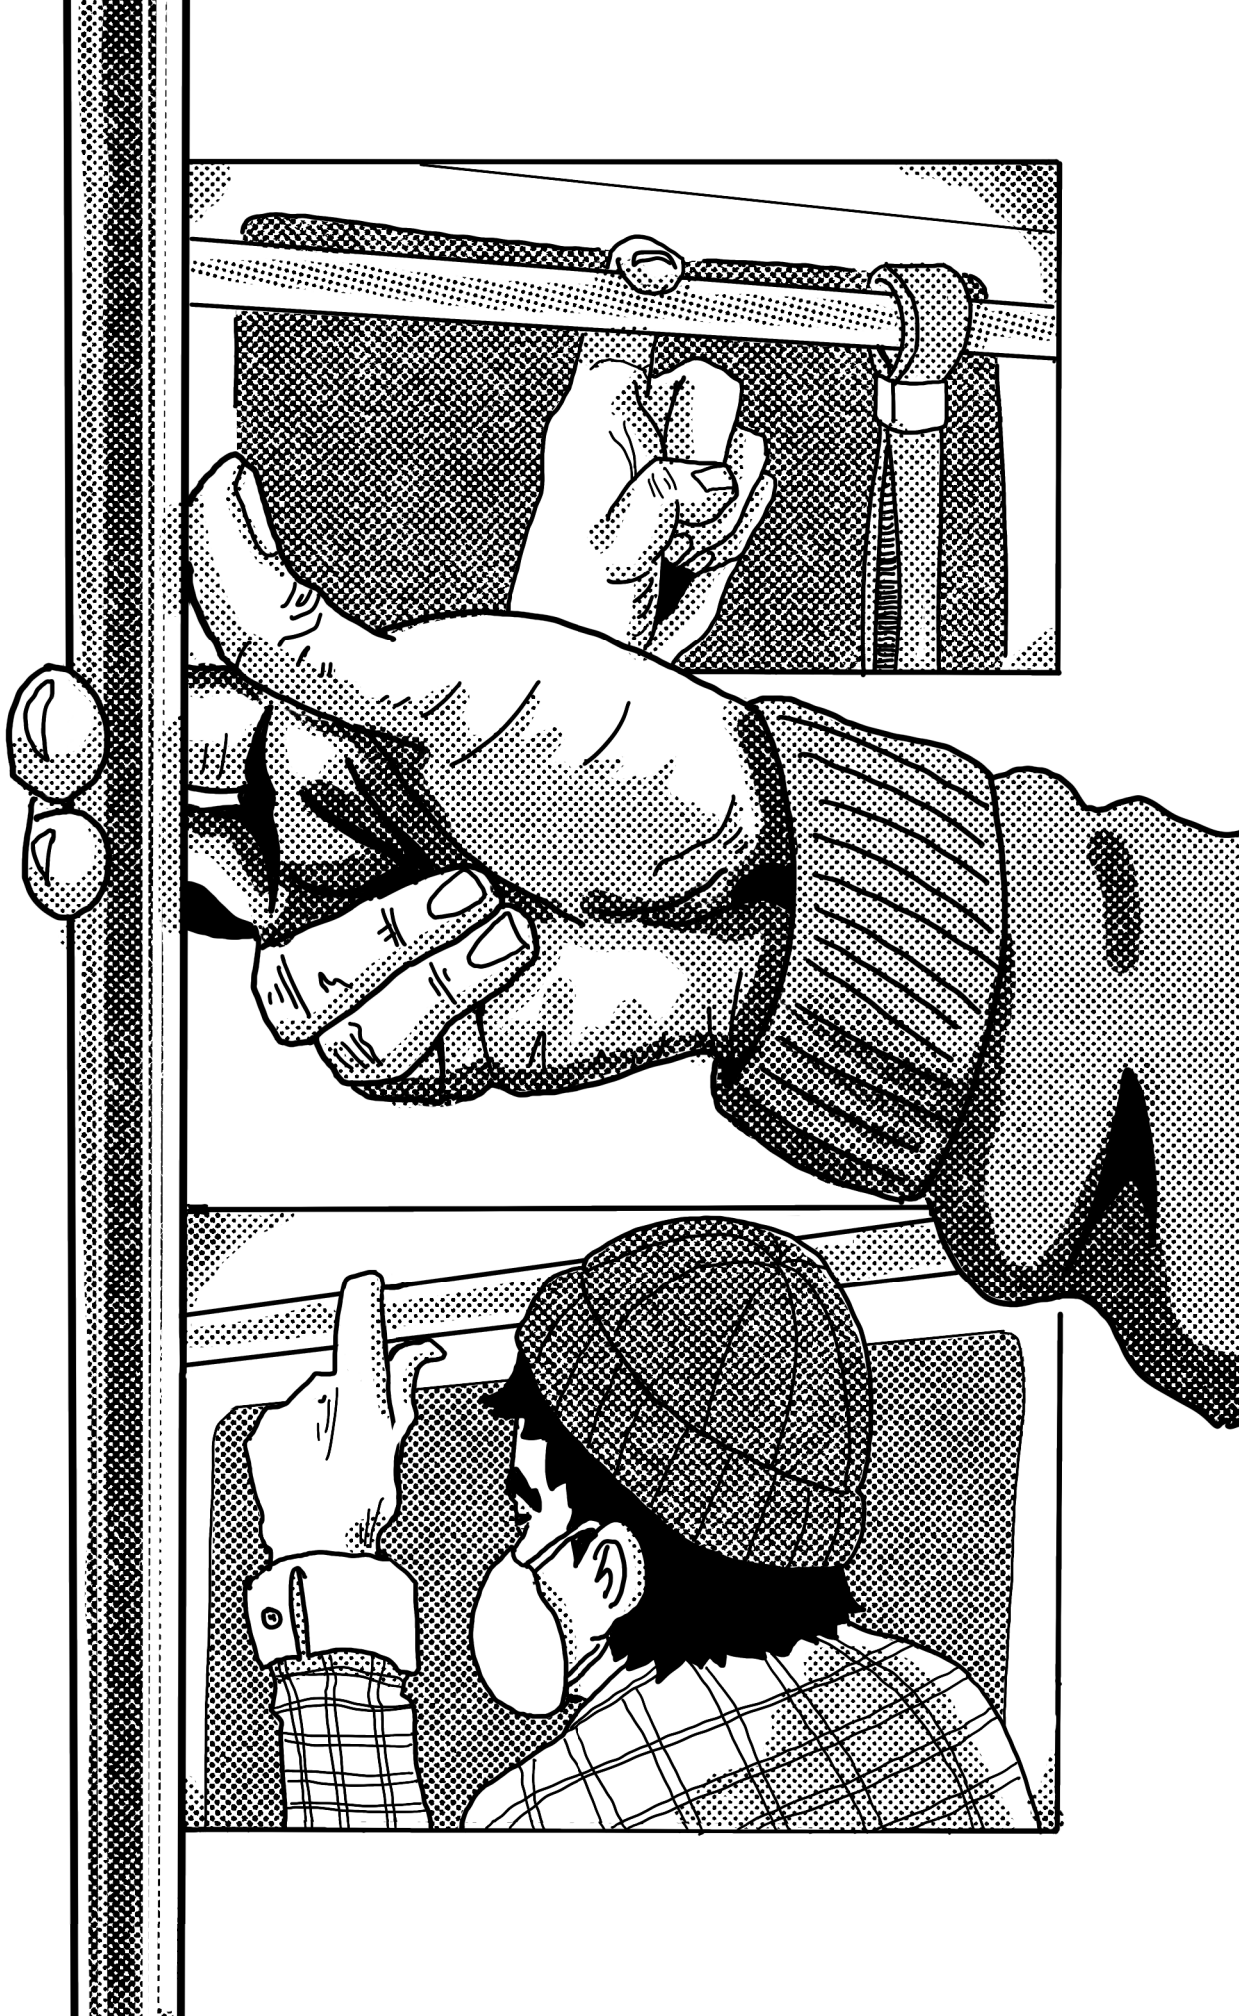

POP goes my HEART

Virus Warden

Related by Adam Bedford

Drawn by Sam Jones

Our 5 year old seems to have deemed himself the local virus warden.

JEAN YOU NEED TO GO INSIDE!

Okay, I will in a minute.

YOU'RE OLD AND THERE'S A VIRUS

I'm not that old, thank you.

HOW OLD ARE YOU JEAN?

I'm 68.

THAT IS NEARLY 70 JEAN!

@adambedders

Welcome to CCW Radio: Personals!

Hey everyone!

Welcome back to the final installment of CCW: Personals!

This time the question is: How do you think things will change after the epidemic ends?

Since we got a lot of serious answers I will let them speak for themselves.

Stronger workers rights. Voting by mail made more accessible. Better hygiene practices. High speed internet made more affordable and accessible. Free healthcare.

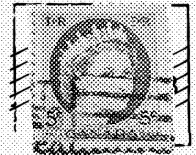

~LesWrite

I'm hoping people will be more aware of sciences, vaccines, immunity and how to take better care of one another.

~eliushi

I hope we'll be able to think more creatively about work and work-life balance in general, and the merits of working from home once in a while. I also hope we'll be more environmentally conscious, and that cleaner energy will gain a boost.

~FiveHourSleep

I'm hoping that society learns a bit more empathy given the situation, but I'm not holding my breath from what I've seen so far.

~MikeDoesThe Art

Maybe more remote work/internships for studios in general. I have a really great internet connection and a passion for drawing great stories!!!

~Celeste

I hope people will be more vulnerable and have less barriers up more touch and more closeness between strangers

~kubba

Our members have a lot of passionate thoughts of our future!

That's all! Once again, thanks for writing in! Don't lose steam!

Editor's Note

COVID-19 is uncharted territory for the world. It will be one of those things we read in history books years from now and we can say we were there, we lived it. Emotions are high right now and we are trying to piece the world back together. Well what do we creators do when faced with world altering events? We turn these emotions and experiences into powerful stories and illustrations that serve as a reflection of the times.

Things will eventually get better and we will create a new normal for ourselves. We'll get through this together, stay strong and stay healthy! We at the Comic Creators Workgroup were blown away by the works in Quaranzine and hope you have enjoyed them as well!
